A screenshot of a web browser displaying a ticket editing form. The browser's address bar shows the URL 'localhost:8080/admin/tickets/Edit_Ticket?id=153'. The form is titled 'Edit Ticket' and contains several input fields: 'Id :' with the value '153', 'Ticket Title:' with the value 'First class ticket', 'Ticket Short Description :' with the value 'chennai to tirupur', 'Content :' with the value 'ticket 1 content', and 'Ticket Created :' with the value '03/03/2024'. There is an 'Edit' button at the bottom of the form. The browser's interface includes a back button, a refresh button, and a search bar. The right sidebar of the browser shows various application icons.

The image shows a web browser window displaying a 'Ticket Tracker Application'. The browser's address bar indicates the URL is 'localhost:8080/admin/tickets/Ticketupdate'. The application's header is dark with the title 'Ticket Tracker Application' and a link to 'New Ticket'. Below the header, there is a search bar with the placeholder text 'search ticket title here...' and a 'Search' button. The main content area features a table with the following structure:

Id	Ticket Title	Ticket Short Description	Ticket Created	Edit	Delete	View
153	First class ticket	chennai to tirupur	2024-03-03	Edit	Delete	View
202	ticket2	ticket 2 description	2024-03-03	Edit	Delete	View
252	ticket 3	ticket 3 description	2024-03-03	Edit	Delete	View

The table has 7 columns: 'Id', 'Ticket Title', 'Ticket Short Description', 'Ticket Created', 'Edit', 'Delete', and 'View'. It contains 3 rows of data. The 'Edit' and 'View' buttons are blue, while the 'Delete' buttons are red. The browser's sidebar on the right shows various application icons.
